

Hill Country Dental Associates'
**TOP TIPS for Being a
“PRO” Patient During the Covid-19 Pandemic**

As always, our priority is keeping you safe, healthy and happy when you visit our office.

Here are 5 simple things you can do to help:

1. Feeling Under the Weather?

Stay home and call us to reschedule if you are experiencing any of the following symptoms: fever above 100.4, dry cough, shortness of breath, sore throat, fatigue, diarrhea or vomiting, runny nose, body/muscle aches, loss of sense of smell or taste.

Please also reschedule if you have tested positive or if you had a “known exposure” and your quarantine time overlaps with your appointment—even if you are symptom-free, stay home and call us to reschedule if you are experiencing any of the following symptoms: fever above 100.4, dry cough, shortness of breath, sore throat, diarrhea, nausea, loss of sense of smell or taste.

2. Party of One!

Please plan to come by yourself for your appointment. Of course, parents, guardians, and caregivers are always welcome when assistance is needed.

3. Take Aim!

Plan to arrive at the office no more than 5 minutes before your appointment. Again, this helps promote social distancing in inside.

4. Park and Call.

Once you have parked, please call us at 830-257-3000 to let us know you have arrived. We will work to keep your in-car waiting time to a minimum.

5. Mask Up!

Masks are required at this time. Thanks for your help and understanding with this.
