

Payment options? Yes!

At Hill Country Dental Associates, we strive to provide excellent quality in our services and products while maintaining fair fees. We'll let you know about estimated costs before beginning treatment. We accept Visa, MasterCard and Discover, as well as checks and cash payments. We're also excited to offer financing programs that enable monthly payments that fit your budget!

What about my insurance?

We can help you with your insurance, too. Prior to starting treatment, we can provide an estimate of what your payment portion will be, and we're also happy to request a formal pre-treatment estimate from your insurance company. These estimates are not guarantees, but they can help you know approximately what to expect. Following each appointment, our team will submit a claim to your primary dental insurance carrier, and we can assist with deciphering the sometimes tedious EOB ("Explanation of Benefits" statement) issued after the claim is closed.

Although we make every effort to be well-versed when it comes to insurance plan details, it's important to keep in mind that there are hundreds of dental plans in existence, each with its own nuances. We'll try to help in any way we can, but at the end of the day, dental insurance boils down to a contract between the patient and the insurance company. Ultimately, the patient (or guardian) is responsible for any fees incurred during the course of treatment, regardless of how the insurance company responds to claims.

Because life is better with teeth.
