

Welcome!

Thanks so much for choosing Hill Country Dental Associates. We're dental patients, too, and we know that choosing a dental home is not only an important decision—it's also a very personal one. That's why when you, your family, and your friends, come into our office, we're working to ensure that all of you have a great experience—the same kind of experience we would want and expect for ourselves.

Comprehensive Care: Your Path to Success

A comprehensive approach to your oral health isn't just about teeth. It's about evaluating the entire picture—teeth, gums, jaw joints, occlusion, oral cancer risk, and related medical conditions. It's also about looking at this entire picture *with your priorities in mind*—good function, esthetics, restoring health, maintaining health, or a combination approach. As part of your comprehensive exam, your doctor will consider all of these pieces, provide recommendations, and work with you on a strategy for achieving your oral health goals.

The Power of Prevention

The most effective way for you to prevent dental problems and to catch potential issues before they become major problems, is through the combined efforts of a daily home routine and professional dental cleanings and exams scheduled at regular intervals. Following your comprehensive exam, your doctor will recommend a cleaning type and frequency based on your individual needs. Our office team will help keep you on track by contacting you before it's time for your next visit.

Expecting the Unexpected

The benefits of comprehensive and preventative oral care are unparalleled, but if a dental problem sneaks up on you, we're here to help. We're open Monday through Thursday from 8:10 to 1:00 and 2:00 to 5:00, and Friday from 8:10 to 2:00. After hours, just dial our main line at 830-257-3000 for information about contacting our doctor on-call.

Know Someone Who's Looking for A Dental Home?

We hope you like what you find at Hill Country Dental Associates. If you do, we hope you'll tell your friends and family about us—it's the best compliment we can receive!

Because life is better with teeth.
