*Because Life
is Better with Teeth*

Wednesday, October 14, 2026

Dear Patients and Friends,

I am writing to share a new chapter at Hill Country Dental Associates. After many wonderful years of caring for patients and families in the Texas Hill Country, Dr. James (Jamie) Bone and Dr. Jennifer Bone will be stepping back from patient care.

Their retirement plans align with the upcoming expiration of their dental licenses. Dr. Jamie plans to officially retire at the end of October 2026, and Dr. Jennifer anticipates retiring in early 2027.

While we will certainly miss working alongside them, Summer and I feel well prepared for this transition. Since joining HCDA in 2019, we have had the privilege of working alongside Drs. Jamie and Jen. Summer and I acquired the practice in 2024, and we are grateful for their trust in us to carry forward its traditions of personal care. They have generously shared their knowledge, experience, and deep commitment to their patients and to the community that makes HCDA so special.

Dr. Jack Curtis and I, alongside our dedicated hygienists, dental assistants, and front-office team, will continue providing the personal, comprehensive care you have come to expect from Hill Country Dental Associates. The familiar faces and relationships you have built with our team remain an important part of your care. We are honored to carry forward the practice Drs. Jamie and Jen have loved and helped build, and we are here to answer your questions and help you feel comfortable and supported through this transition.

Please join us in congratulating Drs. Jamie and Jen and wishing them every happiness in this next chapter. We are deeply grateful for the care, dedication, and friendship they have shared with so many of us. Thank you for being part of the HCDA family.

With appreciation,

Dr. Casey Cazes, DDS
Hill Country Dental Associates
